Title Index

A		
A Case of Uniquely Positioned Central Venous Catheter		16:161
A Comparison of Clinicopathological Differences and Survival Rates in Oral Squamous Cell Carcinoma between Middle Age and Old Age in Taiwan		16:39
A Hypopyon in an Elderly		16:158
A Reliability of the Tele-Neuropsychological Assessment Using the Computerized Montreal Cognitive Assessment in Community-Dwelling Older Adults		16:106
A Review on Excessive Daytime Sleepiness in Patients with Obstructive Sleep Apnoea		16:7
A Scoping Review of the Effectiveness of Driving Training in People with Mild Cognitive Impairment		16:218
Acute Aortic Aneurysm Rupture: A Fatal Condition at Emergency Department		16:311
Acute Renal Infarction as an Extracardiac Manifestation of Left Atrial Myxoma		16:159
Adapted Physical Activity with a Walking Platform in Older Inpatients Admitted for Cancer: A Pilot Study		16:33
Adverse Outcomes Associated with Frailty among Elderly Patients Undergoing Catheter Ablation for Atrial Fibrillation		16:322
Afatinib as First-Line Treatment in Elderly Patients with EGFR-Mutant Non-Small Cell Lung Cancer: Real-World Data Analysis		16:266
Aortoduodenal Syndrome in an Elderly Patient		16:157
Assessment of the Functional Status, Frailty and Cognition in Elderly Patients Undergoing Cardiac Surgery		16:110
Associated Factors and Healing Process of Injury of the Lateral Malleolus of the Fibula in Lateral Ankle Sprain		16:277
Associated Risk Factors for Vertebral Fractures in the Elderly: A Cross-Sectional Study Based on NHANES Database		16:15
Association between Adult Height and Subjective Cognitive Decline in a Korean Nationwide Survey		16:308
Association between Hip Fracture and Bsm1 Vitamin D Receptor (VDR) Polymorphism: A Meta-Analysis		16:21
Association between Restriction on Economic Activity Due to Health Condition and All-Cause Mortality: Results from Korean Longitudinal Study of Ageing		16:384
Azacididine Combined with Cytarabine in Older Patients with Newly Diagnosed AML		16:57
B		
Board Game Intervention to Improve Cognitive and Daily Functioning in Elderly People with Mild Cognitive Impairment: A Randomized Controlled Trial		16:348
C		
Carbapenemase Production is Not Associated with Increased Mortality in Carbapenem-Nonsusceptible Enterobacteriaceae (CNSE) Bacteremia Patients: A Retrospective Study		16:290
Cardiac Tamponade Caused by Atrial Lead Perforation or by Spontaneous Hemopericardium in an Edoxaban User		16:66
Case Report of Gastric Volvulus (Twisted Stomach) with Borchardt's Triad		16:147
Central Venous Catheterization via the Mid-Thigh Femoral Vein in a Morbidly Obese Patient		16:403
Characteristics and Outcomes of Hospitalized Geriatric Patients with COVID-19 Infection in Taiwan		16:207
Clinical Application of Inhaled Ciclesonide and Enoxaparin for COVID-19 Pneumonia		16:144
Clinical Features and Outcomes of Elderly COVID-19 Patients in a Community Isolation Facility: A Retrospective, Observational Study		16:213
Cognitive Screening within Advanced Pharmaceutical Care in Elderly Patients with Suspected Metabolic Syndrome		16:355
Comparing the Effectiveness of Flexi-Bar and Multi-Component Exercises on Improving the Physical Health of Older Adults: A Randomized Controlled Trial		16:295
Construct Validity and Psychometric Properties of the Tamil (India) Version of Montreal Cognitive Assessment (T-MoCA) in Elderly		16:365
Contemporary Practice in Telemedicine through Telecommunication Technology during COVID-19 Pandemic in Taiwan – A Single Center Experience		16:196
COVID-19 Vaccine Immunogenicity, Effectiveness and Safety in Frail Older Adults		16:175
Cutaneous Infection with <i>Prototheca wickerhamii</i> Treated Successfully with Voriconazole		16:305
D		
Death Preparation among Community-Dwelling Chinese Older Adults in Hong Kong		16:262
Deep Venous Thrombosis in Elderly Inpatients with Pneumonia		16:339

X	Title Index
Delayed COVID-19 Outbreak in Taiwan	16:165
Development of an Intrasystemic Team Resource Management Program to Reduce Accidental Catheter Removal in a Critical Care Unit: A Stepwise and Evidence-Based Approach	16:60
Development of the Chinese Version of Nurses' Perception of Risk Factors for Injurious Falls and a Pilot Study	16:28
Diagnostic Test Accuracy of Physical Examination Tests in Suspected Patellofemoral Osteoarthritis: A Systematic Review	16:83
Digitalization Keeps Accelerating in Reshaping the Healthcare Services	16:166
Discriminant Ability of In-Hospital Mortality Based on Prognostic Scores of Elderly Patients with COVID-19: A Taiwan Medical Center Study	16:202
E	
Effects of Functional Near-Infrared Spectroscopy-Based Neuro-Feedback Training on Cognitive Function: Systematic Review and Meta-Analysis	16:316
Effects of Resistance Exercise with Instability on Concerns about Falling and Depressive Symptoms in Cognitively Impaired Older Adults	16:95
Effects of Spatial Cognitive Training Using Virtual Reality on Hippocampal Functions and Prefrontal Cortex Activity in Older Adults with Mild Cognitive Impairment	16:242
Evaluation of Oxidative System Parameters in Alzheimer's Disease Before Medical Treatment	16:395
Evaluation of the Correlation between Abdominal Aortic Lumen Distortion and Atherosclerotic Risk of Vascular Branches in Older Adults by Dual-Source Computed Tomography	16:374
Evaluation the Use of Potentially Inappropriate Medications in Older Adults to Reduce the Risk of Adverse Drug Events	16:315
F	
Factors Predicting Stroke Recurrence in Stroke Patients with Atrial Fibrillation	16:343
Frailty and Its Associated Factors among Hospitalized Older Patients in an Academic Hospital Using the FRAIL Scale	16:237
G	
Gender Differences in Health-Related Behavior Patterns among Older Adults in Indonesia: A Latent Class Analysis	16:46
I	
Immediate Regrafting of Over-Harvested Skin at Donor Sites for Split-Thickness Skin Grafting in Elderly Patients	16:361
Impact of Elastic Band Training on Functional Outcomes and Muscle Mass in the Elderly with Sarcopenia: A Meta-Analysis	16:224
Impact of Potentially Inappropriate Medications on Unplanned Hospitalization among Nursing Home Residents: A Retrospective Cohort Study	16:328
Incorporation of Statins in the Management of Post-Stroke Epilepsy	16:1
Inflammatory Biomarkers as Mediators between Chronic Diseases and Physical Functioning among Older Chinese Adults: A Longitudinal Mediation Analysis	16:334
L	
Leisure Activities and Well-Being among Older Adults with Possible Sarcopenia and Multimorbidity	16:379
Linezolid-Induced Myelosuppression for Prosthetic Joint Infection in Patients Aged ≥ 75 Years	16:312
Longitudinal Changes in Motor and Muscle Function in Senescence-Accelerated Mice	16:155
Loss of Teeth and Coronary Heart Disease Mortality in Older Patients	16:370
M	
Manic Episode Associated with COVID-19 and Corticosteroids in a Patient with Prior Mild Cognitive Impairment	16:400
N	
Necrotizing Fasciitis in an Elderly Diabetic Patient	16:406
New Outlook on the Clinical and Laboratory Determinants of Handgrip Strength in Older Adults	16:281
Normative Data for the Korean Version of Addenbrooke's Cognitive Examination	16:139
O	
Opioid Use in the Post-Anesthesia Care Unit Increases the Risk of Urinary Retention after Endoscopic Sinus Surgery in Geriatric Men	16:63
Overrepresentation of <i>GHSR</i> rs572169C in Long-Lived Individuals and Its Favorable Impacts on Glycolipid Modulations	16:286
P	
Paget's Disease of the Male Breast	16:407
Patient Navigators for Transition Care of Heart Failure: A Systematic Review and Meta-Analysis	16:76
Portomesenteric Venous Thrombosis Following Hepatectomy and Splenectomy	16:310
Post-Stroke Epilepsy: Current Understanding	16:2

Prevalence and Risk Factors of Frailty Using Fried Frailty Phenotype Questionnaire among Older People in a Depopulated Area: A Cross-Sectional Study	16:231
Psychometric Properties of a Taiwanese Attitude toward Aging Questionnaire-Short Form Used in the Taiwan Longitudinal Study on Aging	16:257
R	
Relationship between Vascular Structure and Function and Thigh Muscle Composition in Normal-Weight Middle-Aged and Older Men	16:271
Rethinking the Immune Regulatory Role of Platelets during the COVID-19 Pandemic	16:167
S	
Safety and Effectiveness of Endoscopic Ultrasound-Guided Fine Needle Biopsy for Retroperitoneal and Gastrointestinal Tumors in Elderly Patients	16:254
Sister Mary Joseph Nodule: A Poor Prognostic Indicator in Metastatic Rectal Cancer	16:74
Spontaneous Regression of Diffuse Large B-Cell Lymphoma, Leg Type, with Concomitant c-MYC and BCL2 Gene Rearrangements	16:72
Strategies for Minimizing Intra-Hospital Transmission of COVID-19 among Health Care Workers in a Hospital Setting during a COVID-19 Pandemic	16:186
Stroke Related to COVID-19 Infection and Vaccination – A Review	16:180
Survival of Critically Ill Older Patients with Haematological Malignancies	16:128
T	
Telemedicine Video Multidisciplinary Conference and Ward Round for Geriatric Care during the COVID-19 Pandemic in Taiwan	16:162
The Current Status for Management of Dyslipidemia in Elderly High-Risk Patients in Taiwan: A Real-World Data in a Tertiary Medical Center	16:247
The Effect and Adherence of a Volunteer-Led Community Care Station Program on Physical Function among Community Older Adults: A One-Year Observational Study	16:52
The Effect of Acute Kidney Injury on Mortality in Geriatric Patients Followed Up in the Intensive Care Unit	16:133
The Effectiveness of an Outpatient Personalized Multidisciplinary Intervention Model, Guided by Comprehensive Geriatric Assessment, for Pre-Frail and Frail Elderly	16:89
The Effects of Therapeutic Dogs Intervention on Happiness and Loneliness among Elderly Residents in Nursing Home	16:390
The Predictors for Good Clinical Outcome in Acute Ischemic Stroke with Internal Carotid Artery Occlusion	16:11
The Relationship of Cognitive Performance with Oxidative Stress in Alzheimer’s Disease	16:122
Treatment of Acute Promyelocytic Leukemia in a 94-Year-Old Male Patient: A Case Report	16:150
Treatment of Intractable Inappropriate Sexual Behavior with Low-Dose Finasteride in a Patient with Neurocognitive Disorder: A Case Report and Review of the Literature	16:303
Tuberculosis Pyomyositis Presented as Cold Abscess with Extraosseous Calcification	16:160
U	
Use of the Prone Position in Critically Ill COVID-19 Patients: Can the Response Be Predicted?	16:191
V	
Validation of the Korean Version of the University of California San Diego Performance-Based Skills Assessment for High-Functional Capacity in the Elderly	16:116
Very Late-Onset Neuromyelitis Optica Spectrum Disorder Associated with Latent Syphilis: A Case and Literature Review	16:69
Virtual Reality Programs and Motor Imagery Training Reduce Plantar Pressure and Depression in Isolated Older Adults	16:100
W	
When to Start Interventions for Pre-Frail Elderly?	16:75
Word Memory was Related to Walking Speed Change in a Pre-Frailty One-Year Follow-Up Survey	16:153
